CHEESE FONDUE

Only available when in season:

Served with a variety of pickled
veggies, bread & apple.

The product of the cheese mafia!
In 1999, everything collapsed. An empire. Or rather, a monopoly. For 85 years, a single organisation had almost absolute control over one of Switzerland's most sacred industries: Cheese. Officially known as the Schweizer Käseunion (Swiss Cheese Union), this group did everything in its (unrivalled) power to ensure the continued prosperity of the Swiss cheese industry - from regulating cheese prices, monitoring cheese quality, marketing cheese at home and abroad ... to leading overproduction which created the national dish; 'cheese fondue.' This then eventually led to committing cheese fraud and defrauding the Swiss government of millions.

IRISH BEEF CLUB

Proud ambassador of the chef's Irish beef club.
In Ireland, there is no shortage of that one special ingredient that makes for great beef: grass. An Irish cattle walks on average 220 days a year, 24 hours a day outside in stretched meadows, eating... grass! The outdoor life and grass diet makes for extraordinary beef, deliciously tender with an intense meaty taste.
